*A Quick Journey
Over 85 Years...*

1940-2025

According to Professor Charles F. Jones, "the Holiness Young People's Union was organized in 1910 as their work might be more effective. Then he asked for reports of their work, telling what they have done, how their work is carried out, what causes they are helping, what definite plans they have on foot."

"Although the exact date of the National Sunday School and H.Y.P.U. Congress was originated is not known, the year of 1940 was adopted as its inception."
